

REMARKS

The Examiner issued a Restriction Requirement, restricting the claims into four groups, including: Group I (Claims 1-13), Group II (Claims 14-28), Group III (Claims 29-32), and Group IV (Claims 29-31). Applicants hereby elect Group II (Claims 14-28) without traverse. Applicants have cancelled Claims 1-13 and 29-32 without prejudice and in order to comply with this Restriction Requirement.

The Examiner also issued a species election for Groups I-II, requesting an election of a specific disease. Applicants hereby elect AIDS without traverse. This species reads on Claims 14, 17, and 23-28.

Applicants also submit, as a separate part of the disclosure, a "Sequence Listing" pursuant to 37 C.F.R. §§ 1.821-1.825. Applicants submit herewith the Sequence Listing in computer-readable form as a text file entitled "30945-US-2-PCT_ST25.txt." This Sequence Listing contains only sequences included in the text and drawings of the application as filed and does not contain new matter.

Respectfully Submitted,
